

Mida

# FOAM 152 SAFE

Foaming detergent for delicate surfaces

## DESCRIPTION AND APPLICATION

**MIDA FOAM 152 SAFE** is a foaming detergent of moderate alkalinity, silicate-free, for cleaning of delicate surfaces made of aluminium, iron, zinc and other soft metals.

**MIDA FOAM 152 SAFE** contains a blend of alkaline substances, foaming surfactants with degreasing and emulsifying properties, glycolic solvents and sequestrants that provide an excellent detergent activity for removing organic solid even in hard water.

**MIDA FOAM 152 SAFE** is suitable for foam and manual cleaning in food and beverage industries on surfaces where the use of aggressive cleaners is not recommended.

## INSTRUCTIONS OF USE

**MIDA FOAM 152 SAFE** is applied by foam projection diluted in water at concentrations between 2% and 5% and temperatures of 30-40 °C.

## PRODUCT CHARACTERISTICS

Main ingredients	Alkaline builders, surfactants, solvents and sequestrants
Visual aspect	Clear liquid
Colour	Clear yellow
Odour	Characteristic of the product
pH (pure)	± 12.0
Specific weight (at 20°C)	± 1.067 g/mL

The values provided in the table do not constitute technical specifications

## MATERIAL COMPATIBILITY

**MIDA FOAM 152 SAFE** when applied at the recommended concentrations and temperatures, is compatible with all types of materials commonly used in the food industry

## ENVIRONMENT

**MIDA FOAM 152 SAFE** does not contain any chlorine and hence there is no risk of the formation of organic absorbable halogens (AOX).

**MIDA FOAM 152 SAFE** complies with the European Union directive EU648/2004.

## SAFETY

**MIDA FOAM 152 SAFE** is classified as corrosive.

Hazard classification (CLP): H314 – Causes severe skin burns and eye damage

Do not mix with alkali or any other product.

Please consult the MSDS and follow the guidance for handling and disposal.

## STABILITY AND STORAGE

Store the product sealed in its original packaging between 5 and 35°C and prevent any leakage of product.

Do not expose to direct sunlight.

More detailed recommendations are available in the Safety section 7

## PACKAGING

**MIDA FOAM 152 SAFE** can be available in CAN (20 kg) and IBC (1000 kg).
