

MIDA NEROL

Food grade polish and lubricant
for the food industry and institutional hygiene

DESCRIPTION & APPLICATION

MIDA NEROL is a ready-to-use liquid product of oily consistence for treating of surfaces.

MIDA NEROL cleans and restores the shine to stainless steel and aluminium surfaces. For best results first degrease the surface then apply the undiluted product. Allow to act for a few moments then polish off with a clean cloth.

USE INSTRUCTIONS

MIDA NEROL is recommended for use in undiluted form. Apply with a soft and dry cloth in a thin layer of concentrate directly on the treated surface. Short-term (up to the 1 minute) is allowed to react and then polished-over to a high shine with clean dry cloth. Product is not rinse!

PRODUCT CHARACTERISTICS

Composition	Contains special alcohols.
Appearance	Clear liquid
Colour	Colourless
Odour	Characteristic of the product
pH (1%)	± 7,5
Density	± 0,85 g/cm ³ (20°C)
Solubility	Miscible in water in all proportions
