

MIDA OVEN CLEANER

Liquid alkaline detergent for grills, ovens and fryers
for use in the food industry and kitchen hygiene

DESCRIPTION & APPLICATION

MIDA OVEN CLEANER is a liquid alkaline detergent for the cleaning of ovens, grills, combi-steamers and fryers, including glass and steel containers which are very strongly polluted of fats, oils and other protein and fat impurities.

Innovative composition of **MIDA OVEN CLEANER** allows the rapid removal of all dry dirt and burns.

USE INSTRUCTIONS

MIDA OVEN CLEANER is usually used in undiluted form as a concentrate, which is applied with special spray adapter directly on dirty (and slightly moistened) hot surfaces. In case of very heavy pollution, it is advisable to use a brush. The product is not suitable for use on aluminium materials.

Contact time between 5 and 15 minutes depends on the degree and type of pollution. Rinse thoroughly after use and ensure that all product residues and soil particles are removed.

PRODUCT CHARACTERISTICS

Composition	Contains alkalines, sequestrants, surfactants, solvent.
Appearance	Cloudy liquid
Colour	Brown
Odour	Characteristic of the product
pH (1%)	± 13,5
Density	± 1,115 g/cm ³ (20°C)
Solubility	Miscible in water in all proportions
Sensitivity to freezing	+5°C

MATERIAL COMPACTIBILITY

When **MIDA OVEN CLEANER** is used according to the recommended use instructions, then **MIDA OVEN CLEANER** can be used on materials commonly used in the food industry, with the exception of light alloys, galvanized material and soft metals including the aluminium.

ENVIRONMENT

MIDA OVEN CLEANER does not contain any chlorine and hence there is no risk of the formation of organic adsorbable halogens (AOX).

The surfactants of **MIDA OVEN CLEANER** comply with the European Union Directive EU648/2004 on the biodegradability of surfactants.

SAFETY

Never mix **MIDA OVEN CLEANER** with other products. Carefully read the material safety data sheet of **MIDA OVEN CLEANER** and follow the chemical handling and disposal guidance.

STORAGE

Store **MIDA OVEN CLEANER** in its original packaging between 5°C and 30°C. Do not expose to direct sunlight. The expiry date is 24 months from date of manufacture.

PACKAGING

MIDA OVEN CLEANER can be available in CAN.
