# PHAGO'DERM SENSITIVE

## Application

- ✓ **PHAGO'DERM SENSITIVE** is intended for simple washing of hands and forearms in situations involving intensive use. It is also suitable for cleaning up patients.
- ✓ The cosmetic qualities of **PHAGO'DERM SENSITIVE** and its hypoallergenic formulation ensure a good safety profile (formulated to minimize the risk of allergic reactions) making it perfectly suitable for sensitive and reactive skins.
- ✓ **PHAGO'DERM SENSITIVE** is suitable for children under 36 months and pregnant / lactating women.

## Composition

- ✓ Gentle washing basis
- ✓ Enriched with moisturizing vegetable glycerin
- ✓ Includes superfatting agents compatible with the skin's water-lipid balance
- ✓ Contains lactic acid to preserve the natural balance of the skin .
- ✓ Formula free of PEG ( PolyEthylene Glycol) without parabens, benzyl alcohol

## Organoleptic and physical-chemical characteristics

- ✓ Appearance: clear liquid, low viscosity
- ✓ Colour: colourless
- ✓ Odour: characteristic
- ✓ pH (of neat product) at 20°C: 6,0 ±0.5

## Safety profile and effectiveness

- ✓ Skin tolerance : non-irritant
- ✓ Eye tolerance : non- irritant
- ✓ Sensitising potential : hypoallergenic (formulated to minimize the risk of allergic reactions).
- ✓ Moisturizing property : moisturizing potential for 30 minutes

## How to use

Wearing gloves does not eliminate the need for hand washing.

- ✓ Fingernails must be short and unpainted; sleeves short or rolled up.
- ✓ Wash your hands (not wearing jewellery) and wrists using water from the general supply.
- ✓ Pour some **PHAGO'DERM SENSITIVE** into the palm of the hand.
- ✓ Lather carefully for at least 15 seconds, not forgetting the fleshy part of the fingers, around the nails, between the fingers, and the wrists.
- ✓ Rinse with copious amounts of water from the general supply, for at least 15 seconds.
- ✓ Dry your hands by dabbing with a single-use wipe.
- ✓ If it is necessary to turn the tap off, use a single-use hand-wipe to avoid touching it.

### ➤ General toilet patients

- ✓ Apply to the skin moistened
- ✓ Lather
- ✓ Rinse thoroughly with water network
- ✓ Dry by blotting with a towel disposable emphasizing the skin folds.

### ➤ Pre-operative shower

- ✓ Wet body and hair
- ✓ Apply mild soap
- ✓ Wash the face and neck and upper body
- ✓ Wash the legs and feet
- ✓ Wash the genital area and anal region
- ✓ Rinse thoroughly from top to bottom
- ✓ Dry with a clean towel
- ✓ Put on a clean outfit
